

Senior Sport - functional capacity for everyday life

The Senior Sport equipment maintain and improve the muscle tone, mobility and motor skills of the elderly. The exercises are designed to strengthen the ability of seniors to function in everyday life, such as climbing stairs, bending or walking on uneven surfaces.

Our mission is to have people of all ages moving. A fitness session also adds to the social dimension, as the Senior Sport area is a natural way of spending time together for all generations from grandparents to grandchildren.

Senior Sport equipment is inclusive.
